Testimonials

"Over-the-top, big & bold - totally befitting the genre. Costumes excellent, sets worked well, sound very good. High quality production, 9 out of 10 (I never give a 10/10). Conduct, 10 out of 10! Wonderful group of people (I must give a 10/10). A high quality adaptation, production and performance, and well cast. Marketing materials are good and delivered well in advance. It's very clear what the product is. The audience loved it."

- Rod Wilson, Darebin PAC

"The quality is fantastic...It was a very tight and slick production. Many comments that it was one of the best performances they saw at Fun4Kids in 2006. The comedy was well targeted - great for kids and adults alike. Overall a brilliant addition to our festival program. Alpha are now growing a following of young theatre goers. Congratulations!"

- Fun4Kids Festival @ Warrnambool PAC

"Even though the girls had just been to see Disney on Ice - 'Alpha's Sleeping Beauty' was all they could talk about and were very excited to be seeing it again today at Federation Square."

- Giovanna Stevenson

"Unlike other company's shows that focus on one area of the curriculum, Alpha shows cover a broad range of issues relevant to children & important values that can be reinforced in the integrated curriculum classroom."

- Jenny Goldsmith, Donald PS

"Terrific role models for primary students, especially popular with senior kids, which is always a great yardstick. 90 mins passed very quickly and no child asked to leave the room, which goes to show how engaged they were. Even Grade 6 boys and girls became involved with the characters and demonstrated an interest in the performance and the performers as displayed during question time. The show gives teachers considerable material for literacy. In my own class I asked my g.3/4 students to write their own version of Cinderella after discussing your performance, old-fashioned values, stereotypes and formulaic structure of fairytales. **Of high relevance and value to our curriculum.** CONGRATULATIONS AND THANKS TO YOU ALL."

- Marg Roberts, Kunyung PS

"Excellent - very engaging. Outstanding [sets, lighting etc] - no expense spared! Story was most suitable - very entertaining for preps to adults. **The best production company I've seen during my 30 year career.** I will highly recommend you to colleagues in other schools."

- Judy Quinn, Kananook Primary School

"The entire Alpha experience excites our whole school and stimulates oral language development and writing activities from Prep to Year 6. The values theme supports our Friendly Schools and Families program. THE BEST ONE YET! The performances from Alpha are getting better every year."

- Jenny Scott, Mossiel Park PS

"How many adjectives can I use - BRILLIANT! From the first phone call to the end - slick and professional. 20 out of 10, the best we've ever had! :-) What did I like best? The professionalism, talent, passion and dedication."

- Fiona Jamieson, Oatlands Primary School

"Best production I've seen in my teaching career. I hope St Mark's gets to see the Hunchback next year! it was just so BRILLIANT. Everything about it was AMAZING and had the children (and teachers) talking about it for days."

- Tennille Adams, St Mark's School, Dingley

"...yours would be one of if not THE BEST, absolutely brilliant, feedback from everyone has been overwhelming"

- The Principal, Wonthaggi PS

"...a powerful & meaningful message...jokes to amuse both children & adults...the best we've seen"

- David Eckel, Sandringham PS

"A vibrant group of young people totally dedicated to their art. **Preps to Grade 6 were awestruck.** Loved the audience participation which created an electric atmosphere. Younger kids loved the fairytale magic & older kids related to the humour, themes & values. **This is simply the best show we have ever had here.**"

- Sally Malcolmson, Morwell Park PS

"As always, attention to detail in every way and total professionalism. Just keep doing what you're doing! Alpha Shows always generate excitement and discussion amongst our students - our Year 7s and 8s want to know why they don't get to go still! Alpha is always so happy to accommodate our needs and have an obvious commitment to constantly improving and giving our students the best experience possible. I love that even our 'older' students enjoy being silly and childish and there were jokes for just the 'adults'."

- Susie Heqqie, The Peninsula School
